

Burbage C of E Infant School

Policy Statement

BEHAVIOUR AND DISCIPLINE POLICY

Policy Date: March 2016
Policy to be reviewed: Spring 2019

Aims

As a Church School we aim to promote, throughout the school, standards of behaviour which demonstrate respect, both for people and property, as well as fairness and consideration for the feelings of others.

We recognise that difficulties in behaviour is often the result of low self-esteem and we therefore aim to provide a secure, caring environment in which everyone is valued equally and good behaviour is constantly recognised and reinforced by praise and encouragement.

To achieve this we must all lead by example, applying rules consistently and fairly and respecting the views and feelings of everyone in the school, both adults and children.

We should value honesty at all times, fostering in our children a sense of right and justice, in line with our Christian Values

Children should be helped to recognise, understand and discuss their own feelings and to listen and be sensitive to the feelings of others.

Strategies for Behaviour Management

1. Develop listening skills which will ensure that children listen to, and respect, the feelings of others.
 - Class circle times
 - Good listening through a variety of listening games and activities
 - Through our Collective Acts of Worship
2. Develop children's ability to express their feelings, helping them to understand that we all have positive and negative feelings and that they should be sensitive to the feelings of others.
 - Class circle times as above
 - Games stories and activities to encourage children to explore and understand their feelings and emotions
3. Raise children's self-esteem, ensuring that everyone feels valued and recognises the values of others.
 - Praise – this should always be realistic and directly related to an event, a specific deed, piece of work etc. Praise can be:

- Verbal, either to the child on his/her own or drawing it to the attention of a group, whole class, etc (eg “Look how well xxx has done this”).
 - Written comments in a child’s book
 - Stars or stickers either stuck on to a piece of work or on to the child’s clothing to wear for the day. There are also stickers for the lunchtime period.
 - Name in the “Gold Book” to be read out in assembly and given a certificate to take home. NB Teachers should ensure that every child is in the Gold Book over time.
 - Golden Stars given each week for children who have retained their Golden Time
 - Work mounted and displayed
 - Children are also encouraged to try to nominate others for a “Good Friend” certificate.
- Give responsibility. This can be in the form of:
 - Being class ‘helper’ or ‘monitor’
 - Taking messages
 - Being responsible for own belongings (PE kit, outdoor coat, book bag, etc)
 - Keeping classroom/school tidy
 - Older child helping younger ones
 - Peer tutoring (within own class or year group)
 - Being a Play Leader for Lunchtime Sport and Games
4. Develop collaborative skills enabling children to work and co-operate together, becoming both independent and interdependent. Help children to improve play skills both inside and outside.
- Children need to be taught group work/collaborative skills.
 - Opportunities for role play
 - Board/table games, the emphasis being on ‘taking turns’ and following rules
 - Playground games
5. The lunchtime period is particularly important as it is the longest period of “non-structured” play. Lunchtime supervisors can help by organising skipping and other playground games.
- Class discussions – what do we play at playtime? How do we establish ‘rules’ for games?
 - For children who find playtimes difficult, make a playtime plan. What do I plan to do this playtime? What shall I play? Who shall I play with?
 - At School Council we frequently discuss ways in which playtimes might be improved.
 - Our Lunch Club offers more structure and a higher level of supervision for children with particular needs who are likely to find lunchtimes more challenging.
 - We have also used some of our Sports Funding to employ a sports play leader at lunchtime to engage children in more activity and to keep children busy and happy.
6. Develop rules. We have in place a set of five “Golden Rules”, linked to our five school Christian values
- We will be kind and gentle (Friendship)

- We will try our best (Perseverance)
 - We will look after things (Care)
 - We will listen to others (Respect)
 - We will tell the truth (Honesty)
- Children who adhere to the five Golden Rules all week will receive Golden Time on Fridays from 2.30 – 3.00.
 - Children who receive Golden Time choose from a variety of activities eg parachute, puppets, table top games, as a reward.
 - They receive a Golden Star on a star chart which is kept inside their Home School Contact Book to share with parents. When they complete this chart they receive a special certificate in God Book Assembly.
 - Children who choose to break the Golden Rules lose Golden time.
 - It can be earned back by being very good or very kind.
 - This is introduced in January during the Reception Year and continues through all Year Groups.
 - Support staff and lunchtime supervisors can also remove Golden Time.
- Whole school rules should:
 - Be re-established annually, usually in September.
 - Be written out clearly and displayed where they can be regularly seen
 - Always be positives (no 'don'ts')
 - Be realistic, with everyone understanding why they are needed
 - Be regularly revisited
 - Be communicated to parents

Strategies for Dealing with Unacceptable Behaviour

We must try to avoid:

- Over-reacting
- Shouting
- Humiliating anyone
- Sarcasm
- Making assumptions about what you can't prove
- Applying consequences to whole groups

We should:

- Maintain eye contact when discussing behaviour with a child
- Be consistent
- Keep calm
- Listen to both sides
- Consistently apply consequences

The consequences should be appropriate for the behaviour and the individual child. Possible sanctions could be:

- Immediate time out
- Removal of Golden Time
- Re-doing work
- Withdrawal from the situation*
- Missing playtime
- Letters of apology
- Enlisting the help of a colleague by sending the child to another classroom for a short time
- 'Time out' in PE lesson (if related to the misdeed)
- A class teacher may enlist the support of parents / carers through discussion

* If a child is withdrawn from the classroom situation, it is important that they are sent to an appropriate place and an alternative learning opportunity is provided.

A child whose behaviour is causing concern should be reported to the Headteacher who will:

- speak to the child
- record the incident and the conversation
- inform the child that any repetition will mean that the parents will be involved
- suggest a suitable consequence to the teacher
- involve parents if the behaviour is repeated
- Agree an action plan with the parents for home/school collaboration.

Monitoring

This policy will be reviewed by at least three yearly, but more regularly if appropriate. It will be monitored by the Values Committee.

Date of Policy: March 2016

Policy to be reviewed: March 2019
