

Burbage C of E Infant School Geography Progression Ladder 2021

Statement of Intent

To inspire in the children a curiosity and fascination about the world and its people, and in doing so, develop a sense of responsibility and appreciation of people and places, valuing cultural and ethnic differences.

KS1 National Curriculum Aims	Early Years Outcomes
Develop knowledge about the world, the United Kingdom and their locality. Should understand basic subject-specific vocabulary relating to human and physical geography. Should begin to use geographical skills, including first-hand observation to enhance their locational awareness.	Explain some similarities and differences between life in this country and life in other countries. Know some similarities and differences between the natural world around them and contrasting environments. Understand some important processes and changes in the natural world around them, including the seasons.
